

Main Characteristics

- High definition 1080p 4-in-1 technology (AHD/ HD-TVI/ CVI/CVBS).
- Video output without delay, very low signal loss, long transmission distances.
- CMOS Sensor with Progressive Scan, capturing objects in motion perfectly.
- Supports low illumination, automatic color change to black and white.
- ICR switch for day and night.
- 2D noise reduction.
- Plastic housing.

Image sensor:	1/2.9" CMOS
Effective resolution:	1920 x 1080p
Output signal:	NTSC
Lens:	0.14" (3.7 mm)
Video output:	4 in 1 (AHD, HD-TVI, CVI, CVBS)
OSD menu:	Supported
IPS:	25 fps(50 Hz), 30fps (60 Hz)
Minimum illumination:	Color 0.01 Lux (F1.2,AGC ON) 0 Lux(IR ON)
Work environment:	-4 ~ 122 °F (-20 ~ 50 °C), 10 to 90% humidity
Power supply:	12 Vdc (310%)
Consumption:	1 W maximum
