CY-D1704H

DVR AHD de 4 canales

You put the talent Navytech the components

Synopsis:

1- Support 4ch D1 full real-time recording and 1ch pla-yback at D1 resolution.

2- Cloud monitoring service, Network to penetrate, one-click access to the Internet, easy to monitor.

3- Support IPhone and Android mobile phone to view, play back.and Pan-tilt controlling.

4- Rubber paint panel, feel smooth and delicate, ele-gant appearance.

Specifications:

1- **DVR 4Ch and 8Ch**: Audio 4*RCA Input, 1*RCA Output, Video 4*BNC Input, 1*BNC Output, 1*VGA Output, 1*HDMI Output. **DVR 16 Ch** Only Audio 2*RCA Input.

2-. One SATA interface, support 1 hard disk below 2TB.

3- Support multi mainstream browsers such as IE, Chrome, Firefox, Safari.

4- Cloud monitoring service, easily achieve a variety of network penetration, the user can achieve real-time video surveillance and remote video playback functions through a variety of monitoring terminal to on web.

5- Embedded Linux operating system, stable running and high safety level.

6- Standard H.264MP compression algorithm, real time compression by independent hardware, high quality image with low stream, synchronour monitoring of the audio & video, support two-way voice intercom.

7- Support CMS and IE browser make it is possible to store vedio file in different places and keep datas safe.

8- With dual stream, free adjustment can be realized at 0.1-6Mpbs code and 1-30 f/s, Support 3 network transmis-sion methods of self-adaption, image quality priority, fluen-cy priority, powerful network data transmission and remote operation ability.

9- Local data can be stored in specific format, it can't be read directly or distort to ensure the data safety;

10- Support power-off function and auto resume, perfect protection circuit, a unique triple watchdog function and low power consumption to ensure that the equipment never out of work.

11- Continous/schedule/manual/motion detection/alarm multi recording modes, six-speed motion detection sensiti-vity settings.

12- Support search video by time, calendar, event, chan-nels multi modes, with time flow design, fast exact recor-ding search.

13- Single, four screens playback simultaneously, support up to 1ch realtime decoding playback at D1;

14- Support quick or slow multi playback modes, support local zoom function during preview and playback.
